IT EXPERIENCE

Technical Marketing Engineer

Spirent Communications

2016 - ongoing San Jose, CA

https://www.spirent.com

- Rebuilt a demo lab to run Spirent Virtual and Cloud solutions with a variety of hardwares, operating systems and orchestration tools.
- Implemented project management tools for better collaboration within marketing organization.
- Participated in product launches with WP, blogs, app notes and videos.
- Improved PoC cycle by using introducing new processes within inside sales teams and helped in shaping up of the Spirent Virtual and Cloud portfolio to maximum platforms in last one year.

IT Analyst

Tata Consultancy Service

2010 - 2016 Sunnyvale, CA

https://www.tcs.com

- Administered one of the biggest Certification lab at Apple Inc.
- Led a team of 9 engineers to support Apple's online stores across the globe. Also the largest system engineering and operations team.
- Conducted TCS wide an year long series of Citrix Netscaler trainings.

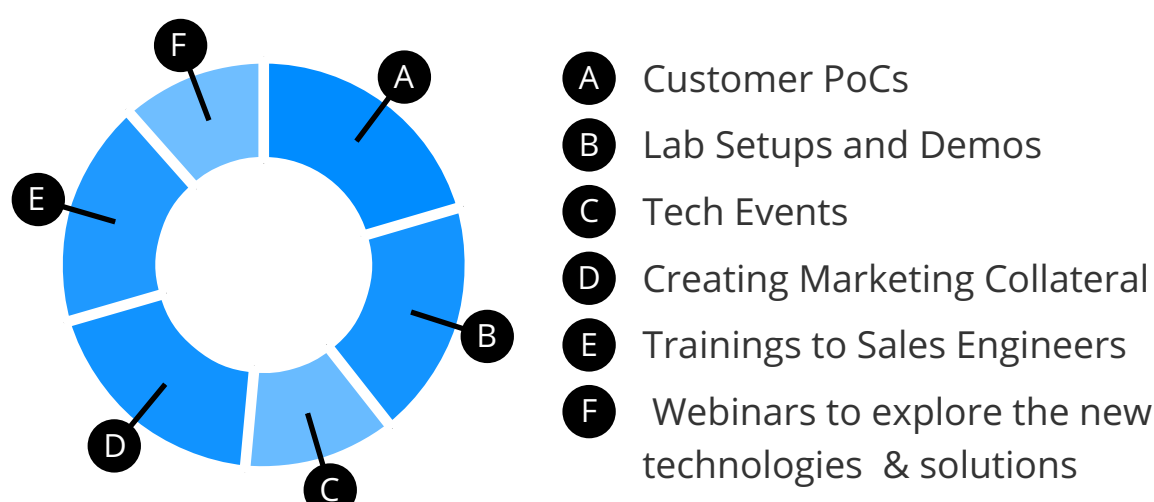

System Administrator

NRS Softech Consultants

2009 - 2010 Dehradun, India

- Working as a fresh graduate I understood how an organization works and how IT is driving the change on this planet.

MY TIME

MOST PROUD OF

Working with some great minds

Fortunate enough to work with some great human beings who helped me become a better person and a professional.

EDUCATION

Bachelor of Computer Application

Institute of Technology & Management, Dehradun (India)

2006 - 2009

STRENGTHS

A Leader

An ability to take the first step even if the path is not clear. Always learn from my own mistakes and analyze the positive and negative outcome to prepare better in future.

A Believer

To believe in myself and in others whom I work with. This enables me to lead the team even in oddest of the situations.

A Dreamer

I believe in this quote "Dream is not that which you see while sleeping, but it is something that does not let you sleep.." It motivates me to work hard everyday and keep the momentum going.
